ASX Announcements

On Market Share Buy-Back

MONEY3 Corporation Limited (ASX:MNY) announces that it intends to commence an on-market share buy-back program.

The buy-back shall commence after the 14 day notice period and will be up to 5% (6,462,660 shares) of the issued capital.

The Board believes that the current share price does not adequately reflect the value of the Company. The Company has a strong free cash position and a timely use of some of this cash should be to the benefit of shareholders.
